

SolAI - Official Token Presentation

What is SolAI?

SolAI is a cryptocurrency created on the Solana blockchain with the goal of revolutionizing the interaction between technology and artificial intelligence in the financial world.

With a vision focused on real utility, usage-based rewards, and automated analytics, SolAI aims to position itself as a strong and scalable option within the crypto ecosystem.

Token Details

- Name: SolAI
- Symbol: SOLAI
- Total token supply: 100,000,000 SOLAI
- Initial tokens for sale: 30,000,000 SOLAI
- Initial price: \$0.05 USD per token
